Let's Make Travel Easy

Problem

- A solution/idea that can boost the current situation of the tourism industries including hotels, travel and others.

As Indian we know India is most beautiful country where we can enjoy all the weather summer, winter, raining season etc... but still India is facing problem to grow tourist industry...To tackle there problem we have design a proper application in order to increase tourist sector

TEAM – ELITE

Why we are facing these problem ?

First of all we have figure out the problem why tourist not prefer to visit India?

So we found many tourist even don't know tourist places that's are under rated such historical religious places even some local people also not aware these places...

TEAM – ELITE

Why we are facing these problem ?

Security Issues

Certain regions in India experience a surge in criminal activities, notably pocket snatching and harassment of female travelers. Such crimes instill fear, deterring people from visiting specific locations within the country
